

## PRODUCT GUIDE

## Toyota Tacoma Dual Cab Short Bed 33 Gallon Replacement Tank 2005-2019\*

**Direct-fit extended range fuel tank to serve expedition, long-distance travel and hauling needs. Buy fuel when the price is right and be prepared for the long haul.**

**Built by specialists with three decades of experience, serving customers around the world.**

<b>Part Number</b>	TTACDCR
<b>Type</b>	Replacement
<b>Capacity - Gallons</b>	33 * Notes
<b>Fill Point</b>	OEM
<b>Fuel</b>	Petrol
<b>Location</b>	LH of Drive Shaft

This second-generation replacement tank kit from Long Range Automotive was developed to meet the needs of North American pick up owners. Our goal was to provide additional fuel capacity from a high-quality steel replacement tank that would integrate seamlessly with factory fuel systems and emission controls.

The tank **may** be installed by a general automotive shop or mechanically competent vehicle owner, given adequate tools, skills and the help of a friend. **That said, we strongly recommend that the tank be installed by a trained professional.**

*\* Notes:*

- 1. Fuel capacity may vary from 31 to 33 gallons depending upon vent line/fill tube configuration. Your experience may vary.*
- 2. This second-generation kit resolves reported venting issues to ensure trouble-free fuel filling*
- 3. 2017-2018 fill tube connection to tank requires minor mod to fit fill tube to tank.*
- 4. 2019 install to be confirmed*
- 5. Dual Cab Long Bed and Access Cab Long bed kit in development for release early 2019*

*LR America partner Georg Esterer in the LRA tank tech center in Lilydale, Australia*
